Proceedings of the Government of Mysore

No. 573-6, DATED BANGALORE, 1ST DECEMBER 1898.

ORDER.—Government observe that owing to the gradual subsidence of plague in the Bangalore City, people who had left for other places are beginning to return to their houses in the City. Before, however, houses which have remained locked up for some time are allowed to be re-occupied, it is of the utmost importance that such houses should be thoroughly cleaned out, disinfected and made habitable without danger of infection to their inmates.

2. The carrying out of this process of cleaning out, &c., is an urgent public want in the Bangalore City, and private labor is reported to be not procurable for it under present conditions. The Durbar have also been unable to secure for the work, men belonging to Military forces, who, elsewhere, are employed on work of this kind with such excellent results. It is necessary that the men employed should be a trained body working under a definite organization and under the personal superintendence of a specially skilled officer. Under such circumstances, the Government are pleased to direct that a specially selected gang of convicts from the Bangalore Central Jail be deputed forthwith for employment on the work in question. The gang need not at present be more than one hundred strong. It should consist of men who have been inoculated and who should all wear boots.

3. The Inspector General of Prisons will be requested to cause immediate effect to be given to the above orders, subject to the precautions above mentioned, and to any others which he may consider necessary for ensuring the continued health of the convicts. The Plague Commissioner has kindly undertaken to provide a competent superintendent for the purpose.

4. The Inspector General of Prisons will be asked to report as quickly as possible for the information of Government, the arrangements made by him for carrying out the foregoing instructions.

Dated Bangalore, 5th December 1898.

From

The Secretary to the Government of Mysore,

General and Revenue Departments.

To

The Inspector General of Prisons in Mysore.

SIR,

I am directed to forward for your information a statement of expenditure at the Contact Camp, Magadi road, for the 24th ultimo, in which the cost of digging graves for the dead is shown as Rs. 49, or more than the cost of feeding the living, together with the remarks of the Chief Plague Officer and of the Plague Commissioner thereon. I am to point out that this expenditure could be considerably lessened if grave-digging were performed by convict-labour, and Government consider that, in view of the fact that the prisoners have all been twice inoculated and that they will, while digging graves, in no way come in contact with plague cases, there is little or no risk in their being so employed, and I am therefore directed to request you to arrange for as many convicts as may be available being employed on the work in question, under the ordinary rules relating to the employment of prison-labour on extra-mural work.

I have the honor to be,

Sir,

Your most obedient servant,

C. SREENIVASIENGAR,

Letter No. 2226-209, dated the 18th December 1898, from the Inspector General of Police in Mysore, forwarding copy of letter No. 995, dated the 3rd idem, and its enclosures, from the Deputy Commissioner, Mysore District, and soliciting sanction to the employment of a Punitive Police Force at Ganjam and certain other centres.

No. 7650-52—J. 821, DATED BANGALORE, 23RD DECEMBER 1898.

ORDER THEREON—In view of recent occurrences, and having regard to the circumstances reported in the letters read above, Government are satisfied that the quartering of a Punitive Police upon Ganjam, Seringapatam and the neighbouring villages is an important and urgent measure, and that in order that it may have a proper salutary effect it should be announced at once by Notification and immediate steps taken to carry it out.

The Inspector General of Police notices that there are some omissions in the abovementioned Statement A. These omissions should be supplied as early as possible. The Deputy Commissioner recommends the exemption of particular classes of the inhabitants of the tract in question on the ground that they took no part in the riot. The Government regret their inability to sanction any such exemption, both because Section 33 of the Regular Police Rules does not authorize any such exemption, and because the classes in question cannot be regarded as having used their endeavours to influence the classes which took part in the riot, to behave peacefully. The Deputy Commissioner will accordingly proceed to assess the cost of the Additional Police above sanctioned among the whole of the inhabitants of the tract in question as provided in Section 33 of the Regular Police Rules.

4. The following Notification will be published in the Official Gazette in three successive issues, and the Deputy Commissioner will give it the widest publicity possible in Ganjam, Seringapatam and the villages specified in Statement A, and cause a copy of it to be affixed in a conspicuous position in each of those places :—

"NOTIFICATION.

"Whereas owing to the conduct of the inhabitants of the towns of Ganjam and Seringapatam and of the villages named in Statement A appended to this Notification, the Deputy Commissioner of the Mysore District deems it expedient to increase the number of Police employed in the abovementioned places, the Government of Mysore hereby sanction, under Section 33 of the Regular Police Rules, the employment, for a period of one year, of a Police Force in excess of the fixed complement, to be quartered in the part of the Mysore District comprising the abovementioned places, such force consisting of—

EDUCATION.

Proceedings of the Government of Mysore.

READ—

Letter No. 1540—46, dated 16th August 1898, from the Inspector General of Education in Mysore.

I have the honor to submit herewith the Village School Fund Budget Estimates for 1898-99, with an explanatory memo, for approval and sanction of Government.

Inspector General's Memo on the Village School Fund Budget for 1898-99, dated 12th August 1898.

RECEIPTS.

The balance at the credit of the Village School Fund on the 30th June 1898, is stated roughly by the Comptroller to be Rs. 3,49,570, in his docket No. 10111, dated 30th June 1898. How much of this amount represents the Rs. 2,00,000 invested in Government paper, and what the cash balance is, I am not aware. The receipts for 1898-99, are estimated at Rs. 2,41,906 as shown in the following statement:—

	Heads of Receipts.	Estimates for 1897-98.	Estimates for 1898-99.	Difference.
		Rs.	Rs.	Rs.
I	Twenty-four per cent of the Local Cess	2,00,000	2,10,000	+10,000
II	Schooling fees	4,800	4,800	..
III	Examination fees	9,000	9,000	...
IV	Interest on Investment	7,000	7,000	...
V	Contribution from Municipal Funds	4,444	3,604	—840
VI	Ditto Provincial Funds	6,572	7,502	+930
	Total ...	2,31,816	2,41,906	+10,090

2. The actual allotment from the Local Cess for 1897-98 is reported by the Comptroller to have been Rs. 2,08,838, in his docket No. 10111, dated 30th June 1898. The actual receipts from the Local Cess for 1895-96, amounted to Rs. 2,14,287. I think it safe to assume the receipts for 1898-99 at Rs. 2,10,000. The next three items of income are estimated at the same figure as for 1897-98. The amount of contributions from Municipal Funds has been reduced from Rs. 4,444 to Rs. 3,604, as by Government Order No. 9158-60—Ed. 231, dated 5th February 1898, an annual grant of Rs. 840, which was paid by the Municipality of Mysore to the Government Normal School, is at present paid from the State Fund Budget of the Education Department. The increase of Rs. 930 in the amount of contribution from the Provincial Funds, consists of the sum of Rs. 840 transferred from the Municipal to the Provincial Funds as said above, and Rs. 90, which represents a half of the increase in the cost of the Government Normal School, Mysore, of which a moiety is borne by the Provincial Funds.

EXPENDITURE.

3. The estimated charges for 1898-99 amount to Rs. 2,32,384 against Rs. 2,46,521 for 1897-98. The following statement summarises the charges for the two years under the principal heads of the Budget :—

Heads of Expenditure.	Estimates for 1897-98.	Estimates for 1898-99.	Difference.
	Rs.	Rs.	Rs.
I Instruction—General	1,78,900	1,79,212	+312
II Grants-in-aid	3,300	3,540	Corrected.
III Instruction—Special	18,410	18,638	+228
IV General	35,313	22,874	—12,439
V Local Examinations	10,598	8,360	—2,238
Total ...	2,46,521	2,32,624	—14,137

4. The amount sanctioned for expenditure during 1897-98 from the Village School Fund, by Government Order No. 1404-5—Ed. F. 3-96, dated the 24th July 1897, sanctioning the Budget for that year, was Rs. 2,29,414. It was raised by Rs. 17,107 as shown below :—

	Rs.
Additional amount for increasing the pay of teachers, sanctioned by Government Order No. 2918-19—Ed. F. 44-96, dated 28th August 1897	3,888
Additional amount for school buildings sanctioned by Government Order No. 11173-4—Ed. F. 19, dated the 10th March 1898	10,861
Excess charges of the Local Examinations, sanctioned by Government Order No. 14128-9—Ed. F. 29-96, dated the 28th April 1898	2,358
Total ...	17,107

5. The increase of Rs. 312 under I. Instruction is caused thus—

Cost of the Aided Hindustani School at Kadnur in Dodballapur taluk converted into a Government School, under Government Order No. 3179-80—Ed. 83, dated the 6th September 1897	120	
Increase due to the local allowance of a schoolmaster being raised from Rs. 2 to Rs. 3 under Government Order No. 3638-9—Ed. 99, dated the 18th September 1897	12	
Amount sanctioned by Government Order No. 8441-2—Ed. 213, dated the 21st January 1898, for increasing the pay of menial servants attached to village schools	348	
Deduct savings in the provision of Rs. 3,888 sanctioned for increasing the pay of teachers by Government Order No. 2918-19—Ed. F. 44-96, dated the 28th August 1897 ...	168	
Net Increase ...		312

The local allowances of two teachers at Rs. 3 and Rs. 2 respectively, which were included with their pay in the last year's Budget, are in the present Budget included in the provision of Rs. 804 for local allowances, and account for the excess of Rs. 60 under this head.

6. Under Grants-in-aid the usual provision of Rs. 3,300 is entered. But this provision may become insufficient if, in accordance with Government Order No. 162-172½—Ed. 11, dated the 4th July 1896, more than one village will apply for a grant-in-aid of English instruction.

7. Under Instruction (Special) the increment of the Headmaster, Government Normal School, Mysore, at Rs. 10 a month, those of three Pandits and one Munshi, amounting to Rs. 8 a month, the increase of Rs. 5 sanctioned for the Writer of the school by Government Order No. 11797-8—Ed. F. 27-98, dated the 19th March 1898, the increase of a rupee sanctioned for a servant by Government Order No. 8441-2—480, dated the 21st January 1898, and lastly the increments of the Headmasters of the two District Normal Schools at Rs. 2 a month, amount to Rs. 336. There was, on the other hand, a saving of Rs. 108 a year due to the death of an Assistant Master on Rs. 24, and the appointment of a teacher on Rs. 15 in his place. Thus the net increase under this head is Rs. 228.

8. The decrease of Rs. 12,439 under "General" is due to the special provision of Rs. 17,439 for buildings being reduced to the sanctioned annual provision of Rs. 5,000. This sanctioned annual provision has always been largely exceeded, and may once for all be raised to Rs. 15,000.

9. Under Local Examinations the excess charge of Rs. 2,358, sanctioned specially for the last year, on account of contingencies and Examiners' fees, by Government Order No. 14128-9—Ed. F. 29-96, dated the 28th April 1898, has been struck out, and the usual provision of Rs. 6,200 is, according to the recognised practice, entered for 1898-99. But it is evident that the item of 'Contingencies and Examiners' fees must increase from year to year with the increase of candidates. The actual expenditure under this head during 1897-98 was Rs. 8,558. It seems necessary to raise permanently the sanctioned provision under this head to Rs. 9,000. There is an increase of Rs. 120 due to the increment earned by the Manager of the Local Examination office. The decrease under this head thus amounts to Rs. 2,238.

10. The changes noted under the several heads of the Budget are the cause of a net decrease of Rs. 14,137 in the estimated expenditure for 1898-99 shown in para 3.

Letter No. 2042—64, dated 3rd September 1898, from the same officer.

In continuation of my letter No. 1540—46, dated the 16th ultimo, submiting the Village School Fund Budget for the current official year I have the honor to state that the grant to the Students' Home attached to the Government Normal School, Mysore, has been raised from Rs. 75 to Rs. 95 by Government Order No. 519-20—Ed. F. 42-96, dated the 9th July 1898. The increase has not been included by inadvertence in the budget submitted to Government. I therefore request that the provision of Rs. 900 for the grant to the Home, entered for 1898-99, may be altered to Rs. 1,140, and the totals raised by Rs. 240.

No. 6912-13—ED. 163, DATED BANGALORE, 2ND DECEMBER 1898.

ORDER THEREON.—The Village School Fund Budget for 1898-99 as submitted by the Inspector General of Education and corrected in accordance with the second of the letters cited above, shows—

	Rs.
Estimated Receipts	2,41,906
Estimated Expenditure	2,32,624

2. *Receipts.*—An increase of Rs. 10,000 is estimated under the head "Twenty-four per cent of Local Cess," which the Inspector General says is justified by the actuals of past years. To be on the safe side, however, Government are of opinion that no increase should be made and that the estimate under this head should remain at 2 lakhs as in the past year.

3. *Expenditure.*—Last year the ordinary provision of Rs. 5,000 for "Buildings" under the Major head "IV General" was raised to Rs. 17,439 by supplemental grants. The Inspector General has now reduced the amount to the usual figure, 5,000, but recommends that as this sum is always largely exceeded, the provision allotment under this head be raised to Rs. 15,000. The provision this year will be fixed at Rs. 10,000.

4. Under "V. Local Examinations" the usual provision of Rs. 6,200 is entered for "Contingencies and Examiners' fees," but the Inspector General points out that this allotment is always exceeded, and recommends that it be raised to Rs. 9,000. The budget provision under this head is raised to Rs. 8,000, and the Inspector General is requested to keep the expenditure within the amount of fees collected.

5. With the foregoing remarks, the Village School Fund Budget Estimates for 1898-99 are sanctioned as per accompanying appendices, of which an abstract is subjoined. The deficit should be met from the cash balance on account of interest on the invested surplus of the Village School Fund.

Agriculture cannot be taught in any standard lower than the III.

Letter No. 3734—140, dated 4th November 1898, from the Inspector General of Education, recommending an increase of 16 stipends of Rs. 6 each, all for Muhammadans, eight in the VI Class and eight in the VII Class of the Mysore Normal School, and pointing out that this increase is necessitated by the want of Muhammadan teachers who have qualified themselves by passing the Upper Secondary Examination.

No. 7176-7—ED. F. 27-96, DATED BANGALORE, 10TH DECEMBER 1898.

ORDER THEREON.—Under the circumstances represented, Government are pleased to sanction the increase of stipends recommended, with effect from 1st January 1899. The additional amount, *viz.*, Rs. 576, which will be required for expenditure during the current year, may be met from the General Savings in the Village School Fund budget of the current year, and provision made for the charge in future budgets. The Inspector General is informed that, as this large increase of stipends is granted specially to promote education among Muhammadans and in the interests of the Hindustani Schools in the State, any savings effected by some of the stipends not being utilized among Muhammadans, should not be used to increase the number of stipends in other classes without the sanction of Government.

Letter No. 905—32, dated 8th August 1898, from the Registrar of the Chief Court o Mysore, forwarding, for the approval of Government, a draft Rule of Practice in regard to the destruction of Arms Licenses and the records connected therewith after the lapse of one year from date of issue.

READ ALSO—

Letter No. 2750—115, dated 8th November 1898, from the same Officer stating in reply to this office docket No. 2910—321, dated 31st August 1898, that the destruction of licenses as proposed is not likely to cause inconvenience, as License Registers are maintained in the District Magistrates' Courts as a portion of their permanent records and are sufficient for future reference.

No. 6945—J. 743, DATED BANGALORE, 3RD DECEMBER 1898.

ORDER THEREON.—It is observed that the mere fact of a Register of Licenses being maintained by the District Magistrate does not absolve a private individual from providing himself with a license as required by the law, and that the result of destroying license before it has actually run its period of currency will be to compel him to take out a fresh license. The Government are, therefore, of opinion that the words "or after the expiry of the period of their currency, whichever date may be the later." should be added at the end of the draft Rule, which will now read as follows:—

"All licenses granted under the Arms Regulation VI of 1890, and the records connected therewith will be destroyed after the expiry of one year from the date on which they were issued or after the expiry of the period of their currency, whichever date may be the later."

The issue of the Rule of Practice as thus modified is approved.

Letter No. 439—J., dated 29th November 1898, from the Inspector General of Prisons in Mysore, forwarding letter No. 501, dated 12th idem, from the Superintendent, Bangalore Central Jail, and its enclosures, reporting on the circumstances under which a life-convict, Singiah of the Central Jail was attacked with plague, as called for in this office letter No. 6011—Mis. 1334, dated 8th November 1898.

No. 6977-78—J. 749, DATED BANGALORE, 5TH DECEMBER 1898.

ORDER THEREON.—The treatment of life-convict Singiah in the shed in which there was already an under-trial prisoner suffering from the plague was objectionable and the Civil Surgeon's explanation for permitting it is unsatisfactory. It appears that the Hospital Assistant removed Singiah from the Jail Hospital in accordance with a general order of the Civil Surgeon. An order of

this kind, Government considers, is quite indefensible as its execution has the effect of exposing every fever patient to plague infection should there happen to be a plague case in the contagious shed at the time. The Civil Surgeon pleads that there are in the Jail garden no sheds of "a fit and proper kind" other than the one in question, but he must have known that for the separate treatment of Singiah, any shed, however defective, was better than the one in which there was already a plague patient. The Government note with satisfaction that Singiah did not luckily contract the plague, but this fact does not excuse the conduct of the Medical Officer in keeping him in the same shed with a plague patient.

The Inspector General of Prisons does not give the information requested in Secretary's letter No. 6011—Mis. 1336, dated 8th November 1898, regarding the separate accommodation provided in the Central Jail for new admissions. It however appears from the Civil Surgeon's report that the available separate accommodation is very limited. The Inspector General is requested to look into this matter at once and to cause the immediate erection of the temporary sheds actually required, by application to Public Works Department and by using prison labor as far as possible.

Correspondence ending with letter No. 424, dated 4th January 1898, from the Superintendent, Revenue Survey.

No. 4010-19—R. F. 98-96, DATED BANGALORE, 5TH DECEMBER 1898.

ORDER THEREON.—The Deputy Commissioner, Tumkur district, brought to the notice of the Government that the practice observed in the several taluks of his district in regard to the levy of local and irrigation cesses on lands under private enterprize tanks had not been uniform, that the cesses were levied in certain taluks on the full assessment on lands below such tanks while in others they were levied on ¾ ths of the assessment on the lands, exclusive of the one-fourth assessment remitted in favor of the holders of such tanks; and solicited instructions in the matter. The reports received from other Deputy Commissioners who were addressed on the subject show that the practice observed in their districts is also not uniform. The Superintendent, Revenue Survey, is of opinion that the local and irrigation cesses should be levied on the full assessment on lands under private enterprize tanks. Government concur with the Superintendent, Revenue Survey, and accordingly direct that the local and irrigation cesses be levied hereafter on the full assessment on lands below such private enterprize tanks throughout the State.

2. As regards kodagi inams, the levy of the cesses should be in accordance with the general rule applicable to other inams.

Report on Rainfall Registration in Mysore for 1897, submitted by the Director of Meteorology in Mysore, with his letter No. 241, dated 21st November 1898.

No. 4400-8—R. 2085, DATED BANGALORE, 23RD DECEMBER 1898.

ORDER THEREON.—Taking Bangalore as one station, there were altogether 181 Rain-gauge stations in the State, or 3 more than in 1896. The stations of Sringeri in the Kadur district and Malebennur and Bommagondankere in the Chitaldrug district were newly established.

2. The inspection of the Rain-gauge stations in the districts of Bangalore, Hassan and Kadur was not satisfactory, as only 6 out of 26 stations in the Bangalore district, 4 out of 17 in the Hassan district, and 1 out of 11 in the Kadur district, were inspected and reported upon. Government agree with the Director of Meteorology in his observation that the rainfall statistics cannot be accurate till every one of the stations is inspected by a competent officer and reported on at least once a year, if not at the commencement of each of the two monsoons.

3. The delay in returning, duly filled in, the printed forms of daily rainfall, brought to notice, is to be regretted; and the Deputy Commissioners are requested to make proper arrangements for the prompt despatch of these returns.

4. As regards the discrepancies observed between the monthly returns published in the *Gazette* and the daily rainfall returns received at the Observatory, the Deputy Commissioner of Shimoga is requested to call upon the Amildar of Nagar for an explanation and submit the same for the orders of Government. In this connection, the attention of Deputy Commissioners is drawn to para 3 of Government Proceedings No. 6254-62—R. F. 56-97, dated 4th January 1898.

5. The average rainfall for the whole State was 42·93 inches, *i. e.*, 1·90 inch less than the average for the previous year, but 6·25 inches above the average for the past 28 years.

6. The North-East Monsoon was defective, while the South-West Monsoon was copious.

7. The heaviest rainfall in 24 hours recorded was 10·25 inches at the Chethalli Estate, Mudgere taluk, on 7th August 1897.

8. It is satisfactory to note that there has been a great improvement in getting up the Report for 1897. The addition of rainfall maps for each quarter, each monsoon, and the whole year, has considerably enhanced the value of the publication containing, as usual, useful and interesting statistics. The Director of Meteorology is requested to distribute copies of the report, as usual, and forward 25 copies to this office.

I have the honor to report that no uniformity exists at present in the payment of interest by the Agricultural Banks, due on the loans made by Government every half year, on the 30th June and 31st December. The date of payment not having been prescribed, the payment thereof is postponed by some Banks till even August and February, respectively. To systematize such payments and thereby afford facility in the checking of accounts, I beg that Government may be pleased to fix the 30th June and 31st December as the last days of payment of interest.

ALSO—

Letter No. 2755—120, dated 8th November 1898, from the Registrar of the Chief Court of Mysore, stating that the Judges of the Chief Court have no objection to Magistrates, before whom offences of illicit tapping of toddy-yielding trees may be brought, being instructed, as proposed in para 2 of the aforesaid Memorandum, to furnish information of the trees proved to have been illicitly tapped, and suggesting that Magistrates be also instructed to furnish copies of calendar or information of the convictions.

No. 3974-6—EX. 185, DATED BANGALORE, 3RD DECEMBER 1898.

ORDER THEREON.—The draft Circular Memorandum is accordingly slightly modified and approved. The Excise Commissioner is requested to issue the Memorandum at an early date.

CIRCULAR MEMORANDUM.

The following instructions are issued in regard to the procedure to be adopted to deal with the toddy-yielding trees illicitly tapped :—

(1) If the Magistrates before whom cases of illicit tapping are brought up for trial, direct in their judgment, under Section 545 of the Code of Criminal Procedure, that the whole or any part of the fine realized should be paid to the Excise Department as compensation on account of the trees illicitly tapped, such amount should be credited under "Excise, Miscellaneous."

(2) The Magistrates in whose courts offenders may be convicted for unlicensed or illicit tapping, will be so good as to furnish copies of calendars or other information of such convictions to the Amildars concerned, to enable them to collect the tree-tax due on the trees proved to have been illicitly tapped. By this means, the illicit tapper will be made to feel the serious consequence of illicit tapping ; for he has not only to pay the fine on the criminal side for his offence, but also to pay the tree-tax at the prescribed rate for the trees illicitly tapped. The tree-tax collected on illicitly tapped trees should also be credited under "Excise, Miscellaneous."

(3) Such trees should not be marked, unless they are duly applied for by the offenders.

(4) If a tree is illicitly tapped and the offender convicted, and he does not then choose to apply for it, but taps it again, he will rightly be arrested a second time and prosecuted. If he does apply, and there is no objection to the issue of a tapping license, the tree may be marked and dealt with in the usual course under the Tree-Tax Rules ; provided that if the amount of tree-tax has already been fully collected, further demand therefor will be unnecessary.

Petition No. 1755, dated 1st December 1896, presented by Narasimhaiya, shanbhog gumasta, Gownapalli in Bagepalli taluk, appealing against the order of the Deputy Commissioner, Kolar district, directing the recovery from the petitioner, with interest, of the loan granted for sinking an irrigation well in Survey No. 14 of the aforesaid village.

3. The records of the case.

4. Records in O. S. No. 571 of 1895-96 on the file of the Munsiff of Chikballapur.

No. 4232-9—PET. F. 46-98, DATED BANGALORE, 14TH DECEMBER 1898.

ORDER THEREON.—The proceedings show clearly that appellant Narasimhaiya perpetrated a gross fraud not only upon Government but also upon Sanjivamma, khatedar of S. No. 14 and sister-in-law of the appellant. The Officer who made the advance, acted in contravention of Rule 10 of Notification No. 70 (A)—D., dated 4th January 1892, which required that the applicant for advance should be the registered holder of the land for the improvement of which the advance was sought. Sanjivamma, and not the appellant, was the khatedar. The appellant rested his title to the land on a registered deed of sale the *bona fide* nature of which was disputed. The sale deed was with Sanjivamma, who was also in possession and enjoyment of the land. The appellant obtained the advance under a false pretence that he was the owner of the land, and the enquiry now made makes it clear that his title to the land was nil, and that even the sale deed relied upon was not in his possession, but was retained by the vendor, as the sale was not given effect to. Under these circumstances the Deputy Commissioner, in the exercise of the discretion vested in him by law (paras 1 and 3 of Section 7 of Regulation No. IV of 1890), has properly directed the amount fraudulently obtained by the appellant to be recovered from him and from his own property. This appeal is rejected accordingly.

2. Letter No. 12, dated 5th July 1898, from the Deputy Commissioner, Tumkur district, reporting on the above petition.

3. Records of the case which show the facts to be as follows:—

One Venkatappa, brother of the shanbhog of Jakkanhalli, was the khatedar of S. No. 16 (measuring 14 acres and 27 guntas assessed Rs. 40-10-5 including water-rate) one-half of which was in the possession of the appellant as co-occupant. The assessment of the land for 1896-97 having fallen into arrears, a notice of demand was issued to the khatedar in March 1897. It bears an endorsement of service purporting to be in the handwriting of patel Nanjundagauda to the

effect that the appellant affixed his mark thereto. But the appellant denies all knowledge of the notice. The land which was valued at Rs. 50 was sold by the shekdar on 29th May 1897, and was knocked down to the khatedar's sister's son, Gangadhariah, for Rs. 46. There were only two bidders for the land including the purchaser, and the khatedar was also present at the sale. Ten days after the sale, that is, on the 8th June 1897, the appellant complained to the Amildar that the land was fraudulently sold without his knowledge, though he had repeatedly offered to pay his portion of the arrears. The appellant having produced the entire amount in arrear under the orders of the Amildar, the latter recommended the cancellation of the sale. But on 1st November 1897, the Deputy Commissioner confirmed it as he observed no irregularity in the sale proceedings. On 6th January 1898, the appellant presented to the Deputy Commissioner a review petition on which the Amildar reported that the land was worth more than Rs. 50. The Deputy Commissioner, however, declined to grant the review applied for. Hence the present appeal to Government.

No. 4280—PET. F. 47-98, DATED BANGALORE, 16TH DECEMBER 1898.

ORDER THEREON.—Government observe that the land, which is now admitted to be worth more than Rs. 50, appears to have been purposely undervalued by the shanbhog and shekdar to admit of the sale being held by the latter. Rule XLI, framed under Section 173 of the Mysore Land Revenue Code, makes it imperative in the case of a land whose value exceeds Rs. 50, that the sale should be conducted by the Amildar or such other officer as may be specially empowered in that behalf by the Deputy Commissioner. It is only when the estimated value does not exceed Rs. 50, that the sale may be entrusted to the hobli shekdar. There was therefore a material irregularity in this case, in that the sale was held by the shekdar in contravention of the rule aforementioned. This coupled with other suspicious circumstances elicited in the case, rendered the sale void. The sale will therefore be set aside, and the appellant will be required to pay the assessment in arrears, in full, within a reasonable time to be fixed by the Deputy Commissioner. If it is not so paid, the entire land will be sold in conformity with the rules.
